The book and other materials were informative and accessible.

The course content was challenging, but the design of the course allowed for enough class time and study time to grasp each important concept before moving on to the next concept.

Please comment on the strengths and weaknesses of the instructor. Would you take another course from this instructor? Why or why not? (2 Comments)

Dr. Buonanno was very hands on and expressed a genuine interest in students doing well in this course. She was also no nonsense, which lent credibility to the importance of doing well if one wanted to pass this class.

Yes I would take an other class with Dr. Buonanno. Her standards are high and corse quality is as well. I found her highly responsive and thoughtful.

I am not sure.

There are different schools of thought on the utilization of Endnote. I personally like it and find that it makes my life easier. However, learning Endnote and becoming proficient in its usage was a journey in and of itself. It should be optional.
